

Conflicts of interest of ICQC members

Arne Astrup: Arne Astrup is advisor to or a member of advisory boards for a number of food and pharmaceutical producers: Basic Research, USA; Beachbody, USA; BioCare Copenhagen, Denmark; Dutch Beer Institute, Netherlands; Feast Kitchen A/S, Denmark; Gelesis, USA; Groupe Éthique et Santé, France; McCain Foods Limited, USA; Nestlé Research Center, Switzerland; Novo Nordisk, Denmark; Saniona, Denmark; Scandinavian Airlines System, Denmark; Weight Watchers, USA; & Zaluvida, Switzerland. Astrup does not own stock in, or have other ownership interests in, any of the companies to which he provides scientific advice, or in any nutrition company other than those companies whose stock is held by various mutual fund retirement accounts.

He is co-inventor of a number of patents owned by the University of Copenhagen, some of which are licensed to commercial entities, in accordance with Danish law, & co-founder/-owner of the University of Copenhagen spin-out companies Mobile Fitness A/S, Personalized Weight Management Research Consortium ApS (Gluco-diet.dk), and Flaxslim ApS, where he is also member of the board.

Recent research at the University of Copenhagen, Denmark, has received funding via unrestricted grants from or contracts with DC-Ingredients, Denmark, Danish Dairy Foundation, Global Dairy Platform, and Gelesis AS, USA.

Astrup is recipient of honoraria as speaker for a wide range of Danish and international concerns and receives royalties from textbooks, and from popular diet and cookery books. He receives payment as Associate Editor of *The American Journal of Clinical Nutrition* and as a member of the Editorial Committee of *Annual Review of Nutrition*.

Astrup is not advocate or activist for specific diets, and is not strongly committed to any specific diet, e.g. veganism, Atkins diet, gluten-free diet, high animal protein diet, or dietary supplements.

Full profile available on the [University of Copenhagen website](#).

Inger Björck, is retired professor from Lund University, Sweden where she has managed the Antidiabetic Food Centre, a non-profitable research centre including the academy, the health care system and representatives from the industry. Inger Björck is inventor and owner of intellectual property related to the use of certain proteins to facilitate blood glucose regulation. She is also owner of intellectual property related to the use of specific prebiotics and probiotics to improve glycemic regulation and metabolism.
